\*Average Survival from 6 field tests conducted in NC & SC from 2007-2009.

\*\*Average yield relative to the mean yield in variety tests conducted 2006-2009.

\*\*\*Relative yield of each cultivar weighted by the relative survival of that cultivar.

\*\*\*\*Adapted from black shank resistance ratings in NCSU Flue-Cured Tobacco Guide - 2010.
