Flue-Cured Tobacco Curing Efficiency Research Tour

Wednesday, October 23, 2013

Topics to be discussed:
- Tobacco curing efficiency
- New barn evaluations
- New curing barn technology
- Evaluation of single-barn hot water boiler systems
- Remedial barn pad insulation
- Utilization of solar energy in tobacco curing
- Novel heat recovery technology

Program begins at 11:30 a.m.
J F Leaf, Ltd. (Jim and Jay Jennings)
8689 Old Cox Rd, Chase City, Va.
(travel to the end of the drive and follow the farm road to the right)

Lunch to be served before traveling to additional farms in Brunswick County
(C & C Farm and Roberts Farm)

Please register to attend by calling 434-292-5331 or email threed@vt.edu

Directions and maps will be available after October 9 at www.arec.vaes.vt.edu/southern-piedmont/index.html

If you are a person with a disability and desire any assistive devices, services, or other accommodations to participate in this activity, please contact Betty Mayton or Margaret Kenny (434) 292-5331 during business hours (M-F: 7:30 am to 4:30 pm) 5 days prior to the event to discuss accommodations.
