

2022 Virginia AG Expo

“Precision for Profits”

Thursday, August 4, 2022

You are invited to visit the Virginia Tech exhibits, interact with speakers, and network with your VT friends at the 2022 Ag Expo (tent II). The VT tent is hosted by College of Agriculture and Life Sciences Center for Advanced Innovation in Agriculture, in partnership with Virginia Agricultural Experiment Station and the Commonwealth Cyber Initiative Southwest Node. Virginia Ag Expo is the **LARGEST** agricultural field day held in the Commonwealth of Virginia. There will be a wide variety of agribusinesses present showcasing the latest equipment, technology, goods, and services. This event is **FREE** to the public.

SPEAKER SCHEDULE:

- **9:30 a.m.:** Advances in precision weed management with Vijay Singh (ESAREC).
- **10:15 a.m.:** In-field wireless for data collection with Joseph Oakes (EVAREC)
- **11:00 a.m.:** Why speed matters - a peanut story with Maria Balota (TAREC).
- **11:45 a.m.:** Drone uses across recreational turfgrasses with David McCall (SPES).
- **1:00 p.m.:** Agricultural employment and education needs with Melissa King (Virginia Employment Commission).
- **1:45 p.m.:** Smartphone applications for insects and plant diseases with Sally Taylor (TAREC).
