

FOCUS GROUP AND SURVEY PARTICIPANTS NEEDED

LEARNING ABOUT TECHNOLOGY ADOPTION AND USE IN THE AQUACULTURE SECTOR

WHAT: Aquaculture sector stakeholders are needed for a focus group and survey research study sponsored by the USDA, University of Nebraska Lincoln (IRB #22-651)

WHY: The purpose of this study is to create a **data framework about technology adoption and use in aquaculture** to identify potential barriers or challenges for producers.

WHO: You may qualify to participate if you are an adult fisherman, waterman, or aquaculture farmer.
